

# ALSPEC ALUMINIUM PACKERS

Our aluminium packers are designed for a wide range of construction and glazing applications.

Manufactured from high-grade, corrosion-resistant aluminium, they deliver precise spacing, dependable load support, and long-term durability in both internal and external environments.

## KEY FEATURES

- Suitable applications where plastic is non-compliant
- Non-compressible – maintains accurate spacing under load
- Higher structural strength and load-bearing capacity
- Will not creep, deform, or deteriorate over time
- Corrosion-resistant for internal and external use
- Improved long-term alignment and assembly integrity

## ORDER NUMBERS

Item Number	Description
1311751M	ALSPEC 1.6 X 70MM ALUMINIUM PACKER
1311752M	ALSPEC 2.0 X 70MM ALUMINIUM PACKER
1311753M	ALSPEC 3.0 X 70MM ALUMINIUM PACKER
1311754M	ALSPEC 4.0 X 70MM ALUMINIUM PACKER
1311755M	ALSPEC 5.0 X 70MM ALUMINIUM PACKER
1311756M	ALSPEC 6.0 X 70MM ALUMINIUM PACKER
1311757M	ALSPEC 10.0 X 70MM ALUMINIUM PACKER
