LOUVRE LOC

The Ventus Louvre Loc offers a convenient, easy to use method in securing your louvres when in the closed position.

It works just like a window, the Louvre Loc lets you close then lock the louvres for security and peace of mind. Louvre Loc is available for 152mm Series & 102mm Series of Ventus Louvre Systems.

Designed in Australia by Doric, the Louvre Loc fits within the existing Ventus louvre system without any modifications other than drilling the channel for mounting the lock.

ADVANTAGES

Easy to use - a simple turn of the snib key secures the louvres when shut.

Removable Snib - Unique Australian design turns the snib lock into a removable key for added security.

Key Compatibility - Operates with Snib Key or Doric C4 key profile.

Smart innovative design - An Australian design by Doric, assuring the highest quality and standards.

Colour matched to channels - when ordered together with louvre galleries.
