

SWAN EVO HEAVY DUTY DOORSTOP

Engineered for the Swan Evo 45mm System

Prevent costly repairs and prolong the life of your sliding doors with the Heavy-Duty Doorstop, engineered exclusively for the Swan EVO 45mm Sliding Door system. This robust stop is designed to absorb high-impact forces, providing superior protection where it matters most – at the door stile.

Built from premium-grade materials, the stop can easily accommodate the weight and momentum of largest doors without compromising on performance or aesthetics.
